October 16th is the bid opening for phase IV, the newspaper ad will be supplied to John to place ad in newspaper for Monday September 17, 2018. November or December is an estimated date for completion of phase III. There were several questions from the Jane Lane, Thelma road area about digging while the homeowners are away, it was expressed that the digging should be done while the homeowners are still here as most of them leave around November and December, and that the pink flags should already be out marking the location of the connection point. Other concerns discussed were Kuhl road, there is a sink hole that developed and the contractor is aware, and will fix in the next few days. Concern that the contractor comes into the neighborhood and does not clean up or sweep the road, Chad will look into and make sure they clean better in the future. Chad stated that when a resident goes away for six months or more, to flush ten or more gallons of fresh water down the lines to help keep them clear for their return.

- XIII. J's Flooring estimate to replace tile in room 204, \$2,536.87, **motion** by John seconded by Richard, motion passed (3-0).
- XIV. Residents had some time to voice their concerns about sewer issues, Hartman road was left with some significant rumble stripes, is there a plan to repair the damage? Richard will take a look and see what can be done. Questions were asked to explain the break down of the monthly fee and the tap in fee for the sewer system, this information was given in a quick overview, but was explained that for more detail a proper right to know request is needed.

Anyone interested is advised to fill out the right to know request and it will be handled. There are two cement driveways one on Steger and one on Kuhl road that needs to be repaired due to the sewer project, Chad will check these issues out.

There are algae on Lake Pleasant Road, Chad stated they are having a hard time reducing the flow of water there, and that the algae are not harmful, just unsightly.

XV. Due to changes with Waste Management effective immediately Greene Township will no longer be accepting glass of any type for recycling, changes will be coming to collect only plastics # 1 and #2.

XVI. Coastal Zone Survey for Hartman Park, there is a link on the website, and postcards are here at the office, for anyone interested in taking the survey. This is the resident's opportunity to voice their concern and or ideas for what they would like to see Hartman Park become.

As there was no further business the meeting adjourned by Chairman Richard F. Allgeier Jr., at 8:05 P.M.
